

## Letter from the Presidents TVHS Band Boosters Organization 2016-2017

Hello Parents, Guardians and Students,

The Band Boosters organization welcomes parents/guardians of students enrolled in band and color guard programs at Thompson Valley High School, alumni and members of the community. It is the mission of the Band Booster club to provide support to the TVHS band program and its director by offering organization of volunteers, fundraising, financial assistance, recognition and FUN. As such, we all want to see our students have the full band experience. This requires the voluntary participation of everyone in some fashion to make it a reality. I encourage you to check out current events and help in any way you can- every little bit makes a big difference for the kids!

As a 501c-3 organization, we assist with the logistics at performances and competitions. We help provide fundraising opportunities for special trips, equipment and staffing needs. We host events featuring and honoring our students- all of this makes our students' experience one of the most memorable of their high school years.

We invite you to be a part of our collective efforts to support your students in this fun and rewarding adventure. Please attend the Boosters meetings on the first Wednesday of the month at 7:00P.M. at the THVS Band Room.

Thank you,

Jaime Lawson and Sherry Pritchard; Co-Presidents 2017-2018
